How Booked works

1. **Post the job**
   Describe the work, pick a time, name your budget.
2. **One pro takes it**
   Verified, background-checked, and yours alone.
3. **They set the price**
   You approve it, then pay in the app when it is done.

Coming to iPhone first, Android next — scan the front for the countdown.

8% service fee. That is the whole fee.

Added on top of the pro's price. $15 minimum job. Cash or card, your call.
